

Winix Personal – 4 Stage Purifier

Benefits

The small-size, light-weight Winix Compact 4 Stage air purifier is the perfect portable solution for comprehensive clean air wherever you are in your home or workplace. Through 4 stages of 360° filtration, this unit effectively captures airborne pollutants and allergens including Dust, Pollen, Pet Dander, Smoke, Mould Spores, VOCs and Household Odours.

The Compact 4-Stage can be easily picked up and moved wherever you are in the home or office; from bedrooms, nurseries and desktops to kitchens and open plan living spaces. Featuring 4 stages of 360° all-in-one filtration, this unit includes Fine Mesh Pre-filter, Activated Carbon Filter, Hospital Grade True HEPA Filter and Winix PlasmaWave® Technology.

Winix's top-recommended range of air purifiers provide much needed relief to asthma sufferers and those affected by respiratory issues, in addition to anyone wanting to protect themselves and their families from the harmful effects of polluted indoor air. Breathe easier, sleep better, feel better.

Features

4-stages of air filtration

Optimum room size: 29.5 m²

360° All-In-One Australian Hospital-grade True HEPA filter

- captures 99.97% of airborne pollutants as small as 0.3 microns

PlasmaWave® technology: neutralises viruses (flu virus), bacteria, odours, VOCs (chemical vapours and harmful gases) without producing harmful ozone*

Activated carbon filter: reduces VOCs and offensive household odours

relating to cooking, pets and smoke

3 fan speeds with 'set & forget' auto mode

Smart Sensor: monitors and reactively adjusts to airborne particles (such as dust, dust-mites, mould spores, pollen & pet dander)

Smart Air Quality LED Display measures and displays the current indoor air quality: blue (good) | amber (fair) | red (poor)

Sleep mode: dims the lights and operates in quiet mode

High energy efficiency: up to 6x more efficient than a typical

60w household light bulb

Replacement air filters: reliable availability at 'value for money' prices

Winix Australia full 2 year warranty

*In tests by an independent laboratory Winix 'PlasmaWave®' Air Purifiers produced 3 parts per billion ozone - a nearly undetectable level that is substantially lower than the FDA's allowable level of 50 parts per billion.
